SOUTH OMAHA NEWS

Building Inspector Dunscomb is preparing to commence a crusade on sidewalk signs. The ordinance governing the placing of signs is not obeyed to any extent and in many instances, especially on N street, signs have been placed in positions which are not only a nuisance, but actually dangerous to pedestrians. One paragraph in the ordinance governing signs provides that no sign shall be allowed to project over the sidewalk to exceed four feet from the property line. Such projecting signs must be at least ten feet above the sidewalk. This latter provision is the one which is violated far more than any other. These hot days nearly every one carries an umbrella, and a person has had to buy a new one because the one he carried was having the one carried torn by being caught on low projecting signs. A suitable penalty is provided for violations of this ordinance and Inspector Dunscomb said yesterday he intended going after the violators and if all signs not placed in conformity with the ordinance are not removed at once he would be compelled to file complaints in the police court.

REJECT THE NINE-HOUR DAY

Employing Printers Request a Conference to Talk the Question Over. MILWAUKEE, Aug. 26.—After struggling through three long executive sessions during which the nine-hour workday was the subject of warm debate, the United Typothetae of America at noon today disposed of the question for the present at least, by the passage of the following resolutions:

Resolved, That the question of establishing a nine-hour working day in the printing business be referred to a committee of five to be appointed by the convention of the International Typographical union and the International Printing Pressmen's and Assistants' union, and to George W. Resolved, That a committee of five be appointed by the convention to whom shall be referred the question as to what measure may be adopted by the employing printers which will make shorter working days practicable without involving undue loss upon the employers, and that this committee be authorized to confer with representatives of the International Typographical union and the International Printing Pressmen's and Assistants' union, and to report thereon to the next convention to be held in New Haven, Conn.

The following officers were elected: President, C. E. Moorehouse, New Haven, Conn.; Secretary, J. S. Cushing, Boston; Treasurer, J. J. Little, New York, chairman; W. J. Gorman, Philadelphia; E. W. Hornick, St. Paul; J. H. Bruce, Nashville; Amos Pettibone, Chicago; Charles A. Weaborn, Buffalo; Franklin Hudson, Kansas City.

J. Little, New York; Edward Tregard, St. Louis; J. P. Morgan, Cincinnati; J. A. Atkins, Milwaukee, and Amos Pettibone, Chicago.

Resolved, That the committee be authorized to institute and prosecute a test case on printing of the union label to a court of last resorts. The convention was brought to a close tonight by a banquet given at the Hotel Plater by the Milwaukee Typothetae to its visiting delegates, covers being laid for 200 guests.
